

## Sonny Coda

I am a 16 year old college student studying at Bournemouth and Poole College. As of September 22 I am studying a T-level progression course in Digital and Computing.

## Education Background

Queen Elizabeth School:

Left In year 9 due to the hit of Covid-19 and sat my IGCSEs at an external exam center.

Bournemouth College: The course I'm on as of September 2022, is the T-Level progression course in Digital and Computing, and I am working on passing the CompTIA Security + course in my spare time.

### IGCSE Results

- Math: 3
- Business: 5
- English Lit/Lang: 5/6

(retaking math in November looking for a five or six)

# Work experience

- **New Forest Water Park:**
- **May 2022 – Present**
- Working at the New Forest Water Park has helped develop my confidence with public speaking skills even further due to the varying job requirements. initially, i was issuing kits from the kit store which gave me experience with working with the public while under pressure. I was having to work with large groups of people to give an informed safety brief. More recently I have been given the opportunity to train as a wakeboard instructor, which I very much enjoy and find rewarding.

Southampton Boatshow 2019

Miami Boatshow 2022

- **Permateek International Ltd:**
- **September 2020 – Present**
- Promotional work at exhibitions. From a young age it was found I had a natural aptitude for promotional work, so was often asked to assist at boat shows for Permateek (my father's company). I have worked on the exhibition booth in several countries, speaking to potential customers explaining the advantages of synthetic boat decking as opposed to the teak alternative.
